

SCIO CENTRAL SCHOOL

DISTRICT NEWSLETTER

2022 CAPITAL IMPROVEMENT PROJECT

The Board of Education and District Leadership have been working with the architects and engineers from Clark Patterson Lee to identify and design this proposed project. We utilized our building condition survey, staff surveys, and conducted walk-throughs to assist us in developing this final scope of work. Maintaining and improving our school facilities is essential to continue the work that we do with students and to serve as a hub of the community. Over time, items and infrastructure need to be replaced, repaired, and upgraded to meet the needs of our students, staff, families, and community. This project was designed to address these needs with **no tax impact**.

OVERALL SITE PLAN

- Replace Site Lighting LED Heads
- Asphalt Paving
- Playground Equipment & Surface Upgrades
- Dustin Washer Memorial Playground
