Hello and Greetings from the Business Office!

My name is Jonathan Cucchiaro, and I am the new business administrator of Scio Central School District as of February 1st, 2024. As the business administrator my goal is to provide a high-quality education to your children while being responsible with public funds. I will always be open and transparent with the community in accomplishing that goal.

I am a resident of Olean and have been nearly all my life. I received my master's degree in business from Saint Bonaventure in 2019, and I have been in school finance since 2020. I gained experience at Cattaraugus-Allegany BOCES and Hinsdale Central School District.

If you have any questions on our budget or would just like to introduce yourself, please reach out via email, phone, or stop in for a board meeting. I am excited to be here in Scio! I appreciate your time, and I look forward to meeting you.

Thank you,

Jonathan Cucchiaro

Business Administrator – Scio Central School District
