Friendship/Scio Combined Athletics

The Friendship and Scio School Districts have made a commitment to combine all sports programs for the next two years. This will include our Boys Varsity Soccer team, Cheerleading, Boys Volleyball and Tennis, which we were not combined for last year.

The Combined Teams in the past have been very successful, giving the teams good participation numbers. Last winter we were able to support JV basketball teams for both boys and girls. It has been many years since both schools have had all three levels of basketball, especially for the girls. With this happening, athletes are now playing at the appropriate level and not being forced to move up a level because of not having a JV team.

We hope that as we continue to combine our sports programs, that our participation numbers will continue to increase allowing both schools to give more opportunities for students to participate in sports.

Fall Sports Numbers

Sport	Total Athletes	Friendship	Scio
Varsity Girls Soccer	23	14	9
Modified Soccer	25	12	13
Varsity Boys Soccer	19	8	11
Total	67	34	33
